The MidAmerica GIS Consortium, Ltd. (MAGIC) is a not for profit educational organization established to foster the applications of geographic information systems (GIS) and related spatial technologies in the mid-continent region.

In addition to sponsoring the biennial MidAmerica GIS Symposium, the Consortium also promotes GIS technology and education by sponsoring important GIS projects around the region. Projects can be industry specific, such as emergency management, remote sensing and addressing, or they can be related to GIS policy, standards and architecture.
